### Summary

- ♦ I am a highly skilled IT professional with over 12+ years of hands-on experience in the field. My expertise encompasses a wide range of domains, including Software and Hardware support and implementation, Web and Software Development, Web Programming, and Server Management. I have a proven track record in effectively handling server environments on both Windows and Linux systems. Additionally, I excel in managing domains and web hosting on web servers, with proficiency in AWS, Azure & GCP.
- ♦ My skill set extends to Micro web Services and Micro Frontend development, and I am well-versed in version control & project management tools like GitHub, Jira, and SVN. I bring in-depth knowledge of programming languages, particularly PHP and Node.js, and have a solid foundation in Tech Leadership and Architecture.
- ♦ My 12+ years of experience have equipped me with the expertise and leadership qualities needed to excel in IT roles, making me a valuable asset to any team or organization."

### Soft Skills

- ♦ Ability to work under pressure and meet deadlines, resourceful when faced with technical challenges.
- ♦ Willing to take new task.
- ♦ Self motivated, self-starter.
- ♦ A team player with good communication, analytical and problem-solving skills.
- ♦ Good oral and written communication
- ♦ Flexible attitude - be able to thrive in an ever-changing environment
- ♦ Got Three Times Employee of the Year Award(2015,2017,2018).
